

AUSABLE BAYFIELD CONSERVATION AUTHORITY INTERMEDIATE EDUCATION PROGRAMS - FALL 2023

SCHOOLYARD

VIRTUAL

IN CLASSROOM

FIELD TRIP

Busing rebates are available to ABCA watershed schools thanks to NextEra Energy & Cordelio Power.

Location Codes:

CCA - Clinton Conservation Area
MDCA - Morrison Dam Conservation Area
RGCA - Rock Glen Conservation Area

*These programs are sponsored by NextEra Energy and Cordelio Power to the benefit of ABCA Watershed Schools

**The River Safety program is sponsored by the member municipalities of the ABCA for watershed schools.

WHAT'S IN THE WATER

CCA, MDCA

Step into the role of field technician as you assess the quality of our watershed through river exploration. Discover more about our watersheds water quality and exactly how well it can withstand change.

SPECIES AT RISK 101*

CCA, MDCA & RGCA

Gr. 7 - Interactions in the Environment

Through hands-on activities, explore why some species struggle while others thrive. Learn more about the natural and human-related factors affecting local species.

GET TO KNOW YOUR H2O*

Local Water Treatment Plant!

Gr. 8 - Water Systems

Dive in to this 3-part lesson! Learn about where the water you use every day comes from! This program offers an in-person presentation with hands on demonstrations and two field trips with bussing rebates to a selected conservation area and a water treatment plant!

OLDER THAN DINOSAURS

RGCA

Become a paleontologist as we explore what the ABCA watershed could have looked like over 400 million years ago. Discover and unravel the secrets our watershed hides and hike through living history in the Ausable Gorge.

LOST AND FOUND

CCA, RGCA

Join in the ultimate scavenger hunt while learning about how technology that has changed throughout the years. Get lost and found in this interactive chance to get hands-on experience with GPS.

NATURAL CURIOSITY

CCA, MDCA, RGCA

Grow and develop your students' curiosity through inquiry-based learning. Contact Education Staff to discuss a theme that aligns with and extends current learning.

ALL RIVERS LEAD TO THE LAKE

Gr. 8 - Water Systems

Journey through the rapids, meanders and tributaries that make up our watershed. Learn about your influence on our watershed, rivers and overall water quality.

RIVER SAFETY**

Put your knowledge to the test while completing river safety missions and quests to explore the importance of water safety and how to stay safe around water.
