PROGRAM REPORTS1. (a) Development Review

Meghan Tydd-Hyrnyk, Planning & Regulations Officer, presented the Development Review report pursuant to Ontario Regulation 147/06 Development, Interference with Wetlands and Alterations to Shorelines and Watercourses. Through the application process, proposed developments within regulated areas are protected from flooding and erosion hazards. Staff granted permission for 11 *Applications for Permission* and 13 *Minor Works Permits*.

1. (b) Violation/Appeals Update

Staff reported the only update was that the landowner in Huron Woods Subdivision, Municipality of Lambton Shores is working with staff towards a resolution.

**MOTION #BD 37/18**

**Moved by Ray Chartrand  
Seconded by Jim Ginn**

**“RESOLVED, THAT the Board of Directors affirm the approval of applications as presented in Program Report #1 - Development Review.”**

**Carried.**

2. Structure Maintenance

Geoff Cade, Water & Planning Manager advised that the toe drain reconstruction at Parkhill Dam and minor repairs to Morrison Dam concrete spillway and retaining wall structures were approved for completion in 2018. An application has been made to the province for 50% WECI funding, however, the ABCA projects did not receive approval.

**MOTION #BD 38/18**

**Moved by Jim Ginn  
Seconded by Mike Tam**

**“RESOLVED, THAT the proposed concrete repairs to the Morrison Dam and the toe drain repair to the Parkhill Dam be completed in 2018 and that the provincial funding shortfall be taken from reserves, and**

**FURTHER, THAT if the 50% provincial WECI funding is secured, the money removed from reserves will be returned, and**

**FURTHER, THAT if no funding is received, the amount taken from reserves in 2018 will be reimbursed to the reserves in the 2019 budget.”**

**Carried.**

**3. Sarnia Lambton Tourism Day**

Kate Monk, Stewardship, Lands and Education Manager advised that Tourism Sarnia Lambton is organizing a “Cruise the County” event on Saturday, June 9 to recognize National Tourism Week. The public is invited to take part in a self-driving tour throughout Lambton County. There will be 18 different sites and attractions on the tour with admission fees waived. Rock Glen CA has been included and staff are requesting that the admission fee be waived for tour participants.

**MOTION #BD 39/18**

**Moved by Doug Cook**

**Seconded by Ray Chartrand**

**“RESOLVED, THAT Ausable Bayfield CA waive the admission fee to Rock Glen Conservation Area on June 9, 2018 for the “Cruise the County” participants.”**

**Carried.**

**5. Quotation Results for Jones Pedestrian Bridge**

Kate Monk reported that quotations were requested from three bridge companies located in southwestern Ontario for supplying the new iron pedestrian bridge on the South Huron Trail. An additional option for the bridge is using self-weathering steel Corten deck planks, instead of wooden decking. The Pedestrian Bridge Community Working Group discussed this option at their meeting and preferred the Corten decking due to the lower risk of injuries from slipping and falling. There would also be lower maintenance costs over the life of the main bridge structure.

**MOTION #BD 40/18**

**Moved by Dave Frayne**

**Seconded by Wayne Hall**

**“RESOLVED, THAT the ABCA accept the quotation from Iron Bridge Fabricating Inc. for a 330 metre and a 22 metre standard specification bridge with Corten self-weathering deck planks at a cost of \$124,600 plus HST, and**

**FURTHER, THAT staff proceed with completing the final design for the bridge piers and prepare tender documents for installation of bridge piers and installation of the two bridge sections.”**

**Carried.**

## PRESENTATION

Angela Van Niekerk, Wetlands Specialist provided a presentation on wetland restoration projects and wetland evaluations. Since pre-settlement times in Huron County, there has been a 76% loss of wetlands. With poor mapping and a lack of information on wetlands, Ministry of Natural Resources and Forestry provided some funding for the Huron County Coastal Wetland Assessment which mapped wetlands 10 km inland from Lake Huron. There were 68 site visits conducted in 2017 with 41 wetlands confirmed; 16 confirmed as floodplain; 3 sites confirmed as upland (not wetland) and 4 unconfirmed as permission to assess was denied.

The process staff undertake for restoring wetlands is:

1. Submit grant applications for 100% funding
2. Make site visits and create a design for tendering to qualified contractors
3. Once constructed, wetlands are monitored
4. Submit a followup report to the funders
5. Create awareness through social media posts, tours and letters

Before and after examples were shown of the Huronview Demonstration Site (2 acre); Quinn Wetland Project (5 acre); rain garden sites at Pioneer Park in Bayfield and Sloman Park in Clinton. A rain garden project is proposed in Hensall this year. In 2018 there are 11 projects confirmed; 4 planting events with 1,795 plants going in the ground as well as the Hensall rain garden.

Since the wetland program began, staff have procured funding to create 65 wetlands; restoring 241 acres; 284,241 trees planted (513 acres); and retired 483 acres from being wet areas.

## GENERAL MANAGER'S REPORT
